REVIEW ARTICLE		
1.	The role of mycorrhiza in food security and the challenge of climate change <i>Ibrahim Ortas</i>	1-11
2.	Biomimetic textiles: An innovative approach towards conserving the future <i>Pratikhya Badanayak and Jyoti V. Vastrad</i>	12-15
3.	Anti-quorum sensing agents: a potential alternative for antibiotics <i>Swagata Saikia and Snata Kaushik</i>	16-21
4.	Understanding Strategic Weed Management in Direct Seeded Rice - A Review <i>R R Upasani and Sheela Barla</i>	22-28
ORIGINAL ARTICLE		
5.	Cluster analysis of Corchorus capsularis jute based on agro-morphological characters to isolate high-yielding genotypes for breeding purposes <i>Sadia Afrin Jui, M. M. Mukul, Iffat Jahan Nur and Ranjit Kumar Ghosh</i>	29-36
6.	Effect of foliar spray of gibberellic acid (GA3) and borax on growth, productivity, and quality of tomato (Lycopersicon esculentum Mill.) under protected structure at Kaski, Nepal <i>Natasha Bhattarai, Arjun Kumar Shrestha, Rashmi Dangol and Niraj Singh</i>	37-41
7.	Adoption of organic pepper production practices among smallholder farmers in Rwanda- A case study of Bugesera district. <i>Gaspard Ntabakirabose, Felicien Ndaruhutse, Charles Kyeyune, Yves Theoneste Murindangabo, Joshua Etieno Ogweno</i>	42-46
8.	Boron regulates growth and morpho physical properties of mustard in no-till farming <i>Sushan Chowhan, Majharul Islam</i>	47-53
9.	Integrated weed management in chickpea under Doon Valley conditions <i>Pratap Jambuvant Khose, Laxman Somanath Vyvahare and Prashant Balashaheb Shinde</i>	54-57
10.	Perspective of biological fight against fungal germs contaminant corn (Zea mays): Case of the use of lactic bacteria <i>N'GUESSAN Yévi Delphine, BONNY Aya Carole, Cissé Mariame, ZOUE Lessoy Thierry and Koffi Djarys Michel</i>	58-63
11.	An economic analysis of the factors influencing poultry production and marketing in Rwanda-A case of Musanze district. <i>Ntabakirabose Gaspard, Mpatwenumugabo Jean Pierre and Mubashankwaya Isaac</i>	64-71
12.	Removal of Hexavalent Chromium from Tannery Industry by Adsorption Using Chitosan <i>Nibret Mekonen Ayele</i>	72-78
13.	Modulation of chlorpyrifos-induced genotoxicity and oxidative stress by cow urine supplementation in male wistar rats <i>Shelly Sharma, Sukanya Mehra and Pooja Chadha</i>	79-89
14.	Selection of High Yielding Land Races of Seabuckthorn From Wild Seedling Population in Lahaul and Spiti District of Himachal Pradesh, India <i>R K Rana and Y S Dhailiwal</i>	90-93
15.	Prevalence Occupational Hazards among Dentists of Uttarakhand: A Descriptive Study <i>Garima Pant and Deepa Vinay</i>	94-96
16.	Estimation and utilization of heterosis and heterobeltosis for yield and yield contributing traits in tossa jute hybrids (F₁) derived from diverse germplasms <i>S.S.U. Ahmed, M.M. Mukul, K. Fatema and N. Akter</i>	97-101
17.	Scent-marking of African Civet (Civettictis civetta, Schreber, 1776) in Aridtsy Forest, Western Ethiopia. <i>Dessalew Shitu Ayene and Bekele Tulu Bayissa</i>	102-105
18.	Adoption of organic pepper production practices among smallholder farmers in Rwanda- A case study of Bugesera district. <i>Gaspard Ntabakirabose, Felicien Ndaruhutse, Charles Kyeyune, Yves Theoneste Murindangabo, Joshua Etieno Ogweno</i>	106-109
19.	New record of Chiasmia emersaria (Walker, 1861) (Lepidoptera: Geometridae) from	120-123

	Jamshedpur, Jaharkhand (India), with distribution and host plants <i>Akhlaq Husain, Hishmi Jamil Husain and Wajid Hasan</i>	
20.	New locality record of Yellow-bellied House Gecko <i>Hemidactylus flaviviridis</i> Ruppell, 1835 a potential biological controller, from Shikohabad, Firozabad district, Uttar Pradesh (India) with its systematic account, distribution and other aspects <i>Akhlaq Husain and Wajid Hasan</i>	124-127
21.	Investigation about the lipid composition of some freshwater fishes <i>Basant Kumar and Abha Jha</i>	128-132
22.	Effect of Vehicular Pollution on Avenue Trees of NH-31 from Naugachhia to Begusarai <i>Sujata Kumari</i>	133-136
